[This email is sent on behalf of Student Innovation for Global Health Technology (SIGHT)]
Brief Chinese version follows English one (中文版在英文版本之後)

SIGHT is going to Cambodia this June with our own Electronic Health Record System (EHR) and we are now **calling for used second-hand laptops!** Medical outreach teams in Cambodia will be able to use these laptops to run the EHR and register patients during daily visits to slums.

About SIGHT

Established in 2014, SIGHT <http://sight.ust.hk/> is the first initiative by The Hong Kong University of Science and Technology (HKUST) which comprises students, regardless of majors and cultural backgrounds, who work together in solving global health issues. Through rigorous innovation in healthcare technologies, SIGHT envisions itself as a provider of affordable solutions for communities, particularly those living in developing world.

You can understand more about SIGHT and our Partner in Cambodia from this PowerPoint: <http://goo.gl/DJDIZq>

Give your Old Laptops a New Life

Your used laptop and/or desktop can help saving lives in Cambodia through our Electronic Health Record software that accelerates medical services for patients in need, starting from this year's June.

When to Donate

First round of collection: **Now to 8th May, 2015**

**We will contact you as soon as possible to arrange a collection time

Minimum Laptop Configuration requirements

- able to run on Windows 7/8 (64 bits)
- RAM: min. 1 GB
- Hard disk space: more than 30 GB
- Processor: Processor over 1.3 GHz

**If you are not familiar with the configuration, our students will check upon collection

How to Donate

If you are interested to donate, please kindly fill in this form: <http://goo.gl/forms/BHXf22bSIM>

For enquiry about the collection appeal, please contact hschanaf@ust.com

Thank you very much for your kind attention.
Fully supported by HKUST Staff Association

SIGHT收集舊手提電腦

SIGHT <http://sight.ust.hk/>是由科大生物及工程學系的教授所創立，目的是透過一班就讀科大各個學科的學生，去創新及研發低成本的产品，以解決在發展中地區一些跟醫療和公共衛生相關的問題。

這次由七名學生組成的團隊研發了專用於流動醫護隊的電子病歷紀錄系統，該系統可於任何電腦上運作，但我們位於柬埔寨的合作團體比較缺乏資源，他們需要一些舊的手提電腦去使用這個系統。

因此，我們希望借這次機會，收集一些用過但基本狀況良好的手提電腦，然後帶到柬埔寨讓當地的醫護人員使用。

收集目的：

收集的手提電腦會給柬埔寨的流動醫療團隊在當地貧民窟使用，醫護人員能利用專門設計的電子病歷紀錄系統去跟進病情。

收集日期：

第一輪收集：由今天起到5月8日

**收到您的資料後，我們會盡快通知你具體收集安排

電腦最低要求：

— 可以運行Windows 7/8 (64 bit)

— RAM: 1 GB

— 系統容量：最少30 GB

— 處理器：大於 1.3 GHz

**如不清楚電腦系統實際狀況，可以先登記然後讓同學檢查。

收集方式

請填寫以下的Google Form作登記：<http://goo.gl/forms/BHXf22bSIM>

收集查詢電郵：hschanaf@ust.com

感謝您對我們的支持和幫助！
